

Eastridge Lancer Softball Program

These opportunities offer businesses and residents a chance not only to support an activity that provides a tremendous growth experience each year for many students, but also to be recognized as an advocate for the youth of our community. Money raised through advertising is used to enhance the **Eastridge Lancer Softball Program**.

The education of our children involves the joint efforts of parents, teachers and caring community individuals. Help us provide the most positive experience possible for our future leaders by supporting the 2017 Eastridge Softball Program.
