

A Message

From Superintendent Mary Grow

March 20, 2020

Dear East Irondequoit Families,

I hope all of you are staying safe and healthy during these strange and uncertain times. It seems like things are changing almost hourly and we realize the importance of keeping everyone as up to date as possible.

I urge you to check our website at www.eastiron.org for information regarding the virus, as well as resources to help get our families through this situation. I would also encourage you to utilize our social media accounts on Twitter and Facebook @EICSD to receive the latest information as it becomes available.

Here are some of the steps being taken in our district:

As of Wednesday, all buildings in the district are closed to visitors. This will not impact the meal distribution at the schools. However, in order to limit the number of trips needed, we will only be handing out food from 11am-1pm each day. At that time, you can pick up lunch for that day and breakfast for the following day.

Our staff has rallied to assist in whatever way needed and I cannot thank them enough.

Our food service team has been doing an incredible job of preparing and delivering meals to the families who have been coming by to pick them up.

Our transportation crew is on the road making deliveries both in our district and helping our neighboring school district in West Irondequoit.

Our custodial staff remains on the front lines, deep cleaning and sanitizing our buildings daily.

And our teachers, educational services team and building administrators have been going above and beyond, reaching out to families and students digitally in order to provide not only educational resources but also, and maybe more importantly, a social connection.

We are doing everything we can to provide our community with whatever they need to help get through this situation while at the same time focus on the health and safety of our staff.

Please stay well, stay connected and practice social distancing!

Sincerely,

Mary E. Grow
Superintendent of Schools
