February 5, 2019

Dear Families:

This letter is written to confirm that an East Irondequoit Bus Driver was arrested yesterday after failing a mandated drug test. It was confirmed that the bus driver had operated a school bus with a blood alcohol content higher than the permitted New York State legal limit. The school officials immediately notified the Irondequoit Police Department of the drug test results. As a result of the actions of the Transportation Supervisor, the bus driver was arrested. The School District shall cooperate with the Police Department in the prosecution of this individual. Currently, the employee is on administrative leave and the District will follow due process necessary to terminate the bus driver's employment with the East Irondequoit Central School District.

All students are safe. The families of the students who were on the bus have already been notified. As a result, if you have not been notified, then it was not your child's bus or bus driver involved in this situation. Please remember this was an act of one employee. The School District is proud of its bus drivers and their safety record of transporting thousands of students each day without incident.

Very truly yours,

Mary E. Grow
Interim Superintendent of Schools
