September, 2018

Dear Parent/Guardian:

Once again this year, ALL visitor's will be required to provide us with a valid state-issued ID/Driver's license upon entering the building. If you do not have it with you, then you will not be able to go any further than the main office.

The East Irondequoit School District is pleased to announce that we will once again be using the Raptor Visitor Management System in all of our districts schools to build on the district's program of campus safety for students and faculty. Part of keeping students and faculty safe is knowing who is in our building at all times and the Raptor system will allow us to do that. The Raptor system will better allow us to track visitors, contractors, and volunteers in our schools and provide us with a safer environment for our students and staff.

Upon entering a district building, visitors will be asked to present a valid state-issued ID, which will be scanned into the system. The Raptor system will check to ensure that registered sexual offenders are not entering our buildings. It is important to note that the Raptor system only scans the visitor's name, date of birth and photo for comparison with a national database of registered sex offenders. Additional visitor data from the driver's license is not gathered nor is the system connected to any other system such as the Department of Motor Vehicles. Therefore any other information on the ID is not scanned by the system and is not accessible to any of the users. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of his/her visit.

A Visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork.

If you are interested in learning more about the Raptor visitor management system, please visit the Raptor Technologies website (www.raptortech.com). If you have any questions for the district personnel, please feel free to contact me at 585-339-1350.

The safety of our students is our highest priority and the Raptor visitor management system provides a consistent way to aid in keeping away people who may present a danger to our students. Therefore, all visitors to the school must be scanned into the system and obtain a visitor badge. Thank you, in advance, for your understanding and support of enhancing school safety protocols in our district.

Sincerely,

Timothy Roach
